Special conditions or restrictions recommended by the City Manager, or its designee, shall become a condition of the permit.
- (h) The following standards shall be considered in reviewing the application:
- (1) A film production permit may be issued only after an adequate plan for crowd and traffic control, as well as security has been presented, and, when deemed necessary, employment of off-duty, uniformed Hogansville Police Officer(s) shall be utilized. The producer shall be required to clean the right-of-way or public property of rubbish and debris, returning it to its pre-special event condition, within twenty-four (24) hours of the conclusion of the film production. If the producer fails to clean up such refuse, cleanup shall be arranged by the City, and the costs incurred for this service shall be charged to the applicant.
- (5) A film production permit granted by the City may provide for the City to close designated streets and intersections to allow use of the public right-of-way for the special event during designated hours and days.

- (j) Should a permit be denied; the producer shall be notified in writing of the denial.

Sec. \_\_\_\_\_-5. - Permit fees.

- (a) Each City department and/or agency whose services would be impacted by the film production shall itemize the departmental activity required for the film production, showing the hourly rate and the actual and reasonable total cost. The "total costs to the City" shall be the sum of each department's costs. The City Manager shall determine and calculate a reasonable fee to reimburse the City for its services.
- (b) A cash bond may be determined to be appropriate by the City, and in this event the City shall advise the producer of the amount, and this bond shall be remitted to the City before the film production permit is issued.
- (c) The initial permit fee shall be paid in full prior to the issuance of the permit and in any event no later than seventy-two (72) hours prior to the date of the event.

- (e) No producer of any film production, except as may otherwise be provided herein, shall be exempt from the payment of the appropriate fees and charges required under this article.
- (f) Should a producer desire to have use of any equipment owned by the City, such as barriers, traffic cones, and the like, an additional fee as established by the City Manager shall be paid to the City to cover the reasonable cost for use of the equipment, as well as the delivery and return of the items by City employees.
- (g) Notwithstanding any provision to the contrary, the producer of any film production associated with and benefiting the cause of a charitable organization, recognized as such by the Internal Revenue Service under section 501(c)(3) of the Internal Revenue Code, shall be excused by the City Manager from the permit fee requirement, but may be required to post the bond described in subsection (b) of this section. Criterion to be considered in determining the appropriateness of requiring a bond shall include the impact of the event on the cost of services to be provided by the City and on the public health, welfare, or safety of the City.

Sec. \_\_\_\_\_-6. - Liability.

- (a) At the discretion of the City, prior to issuance of a permit, the producer shall provide to the City proof of comprehensive liability insurance naming the City as an additional insured. - (b) The producer of any film production shall provide a written agreement in a form satisfactory to the City providing the producer shall defend, pay, and save harmless the City, its officers, employees, and agents from liability of all personal or property damages arising from any acts or omissions emanating from a film production and from any and all claims, attorney fees or lawsuits for personal injury or property damage arising from or in any way connected to the film production. The agreement shall be filed with, and made a part of, the application form.
- (c) The City, its officials, employees, or agents shall not incur any liability or responsibility for any injury or damage to any person in any way connected to the use for which the permit has been issued. The City, its officials, employees, or agents shall not be deemed to have assumed any liability or responsibility by reasons of inspections performed, the issuance of any permit, or the approval of any use of the right-of-way or other public property.

Sec. \_\_\_\_-7. - Other permits.

- (a) The purpose of this article is to allow the City's departments and staffs to review an application for a film production permit outside the regular ordinance standards to determine how disruptive a film production may be to the ordinary use of parks, public streets, rights-of-way, or sidewalks and to make recommendations and allowances. Administrative guidelines issued by the City Manager, or its designee, shall be followed by the City in allowing specified signage and advertising that may not necessarily comply with existing zoning ordinances for banners and vendors. Upon approval by the City Manager, or its designee, recommendations and allowances made shall become conditions of the permit to be followed and carried out by the producer.
- (b) Notwithstanding subsection (a) of this section:
  - (1) A permit allowing fireworks shall be approved and permitted by the Fire Marshal of Troup County, or its designee. Further, the person to be performing the firework display shall be pyrotechnics licensed and qualified in the state.

Sec. \_\_\_\_-8. - Denial or revocation of a film production permit.

- (a) Reasons for denial of a film production permit include, but are not limited to:
  - (1) The film production will unnecessarily disrupt traffic within the City beyond practical solution;
  - (2) The film production will interfere with access to fire stations and fire hydrants;

- (b) Further, a film production permit may be denied, suspended, or revoked by the City, if the Chief of Police, the Fire Marshal, or their designees, determines that the health, welfare, or safety of the public may be endangered.

Sec. \_\_\_\_-9. - Appeals.

- (a) Any producer whose film production permit application has been denied or revoked may request in writing a review of this decision by the City Manager. This request must be in writing and received by the City Manager within five days of the of the permit denial or revocation.
- (b) The City Manager shall review the application and reasons for the denial or revocation of the film production permit and shall issue a decision, within five days, whether to uphold or reverse the previous decision and grant or reinstate the permit with such additional conditions as the City Manager may deem justified by the evidence.
- (c) Should the producer be dissatisfied with the decision of the City Manager; an appeal may be filed with the City Council within five days of the decision of the City Manager. The council shall set a hearing date within thirty (30) days of receiving an appeal. At the hearing, evidence may be submitted by the producer addressing why the permit should have been granted or not revoked and by the City Manager addressing why the permit was denied or revoked. The City Council shall determine whether the denial or revocation of the permit is justified, or it may reverse the previous decision and grant or reinstate the permit with such additional conditions as deemed justified by the evidence.
