BACKGROUND (Includes description, background, and justification)

Turnipseed Engineers has provided the City with approximate cost for full-depth reclamation of Pine Street. The first step in this process is to have the geo-technical testing done prior to any work being started. This will paint a clear picture ensuring the soil is compatible and will properly compact based on the specifications of the work to be done.

BACKGROUND (Includes description, background, and justification)

BUDGETING & FINANCIAL IMPACT (Includes project costs and funding sources)

Geotechnical testing will cost \$20k and is included as part of the "project cost estimate" provided by Turnipseed Engineers.

STAFF RECOMMENDATION (Include possible options for consideration)

Staff recommends approval of the expenditure in order to move forward with Pine Street paving project.
